GOB SMACKING GOOD NEWS....EXTRA 1 1/2 HOUR SLEEP ON SUNDAY, NOVEMBER 5!

How is that possible you ask? Daylight Saving Time ends that morning, yes, but where does that 1/2 hour come from?

Our usual service time of 11:00 will permanently change to **11:30** beginning November 5. Colleen Pattullo, the chapel's owner, has asked us to move our service time back to accommodate her service that begins before ours on Sundays. Last year when we started services at the chapel Colleen accommodated us by moving her usual 9 am service to 8:30 am. That simply didn't work out for them, especially in the winter. Your board hopes this will not inconvenience anyone.

Other news...

The board is welcoming suggestions for local or state charities to be the recipient of our quarterly giving. Contact Kim Nowack.

Do you have a hymnal at home? We seem to be missing a few grey *Singing the Living Tradition* hymnals and thought they may have been taken home for program planning purposes. If so, please return it at your earliest convenience. Thanks. If you would like your own copy of the hymnal they are available on the UUA website for \$32.
